MOTHER'S milk too has a brand now. Bangalore-based NeoLacta Life Sciences supplies 100 per cent mother's milk with a shelf life of 12 months.

NeoLacta is the only company in India which makes products based out of mother's milk for pre-term and low-weight babies and babies whose mothers have lactating issues.

The company currently has two products — a 70 calorie product that is

made by pasteurising and concentrating mother's milk and a protein fortified 100 per cent mother's milk — to meet high calo-
